

Vacancy

Roads Assistant

The Ferring Roads Scheme Association (FRSA) is a volunteer-led organisation responsible for the maintenance of road surfaces, rainwater drainage systems and road markings within the scheme area in Ferring. Further details can be found on our website www.frsa.uk.

We are looking for an additional volunteer to join our small friendly team, which is dedicated to maintaining our roads and drains to a high standard.

The team regularly liaises with residents and contractors regarding road conditions and ongoing works. However, no specific technical expertise is required, just an interest in the local community and a willingness to contribute some time.

If you feel this may interest and you have the time to offer, we would be pleased to hear from you and arrange a meeting to provide further information and discuss the role in more detail.
